***** News Update *****

[Bill Brady Live on 1470AM WMBD Radio](#)

Yesterday morning Illinois State Senator Bill Brady of Bloomington was on the Greg & Dan Morning Show on 1470AM WMBD Radio. As many of you know, Maria and I are strongly backing Senator Brady's Gubernatorial Campaign. We believe that Bill Brady is our best choice to clean up Illinois politics, grow our business environment while also balancing the budget, and to bring honor and dignity back to the Governor's Office. You can listen to this segment on my website, www.JohnCAckerman.com, under the "In The News" tab.

One of his messages was the need for a businessman like himself to be elected governor; someone who has had and currently continues to manage real budgets with real money in the business sector, have had to look out for their employees, and are concerned with growing businesses in the State rather than continuing to drive businesses out of the State of Illinois. Senator Brady operates several businesses in and around Bloomington and is a full time business owner, not a career politician.

He talked about how the other candidates are joining him in campaigning on cutting the budget, but pointed out that he is the only one talking about the need and having a plan ready to grow the business climate in Illinois to welcome and promote businesses in Illinois in order to grow and diversify our economy.

He talked about his support for term limits and also his support of computerized drawing of districts as he sees that both of these will end the corruption in Illinois Government. He talked about how the voters of Illinois are looking for "...real change, not the kind of change Barack Obama is giving us, but real change that takes us back to a free enterprise system, personal liberties and personal responsibilities..."

For more information concerning his positions, check out his website at www.BradyforIllinois.com. As mentioned above, you can also go to my website, www.JohnCAckerman.com, go to the "In The News" tab and listen to the segment of this mornings radio interview.

As always, I consider it an honor and a privilege to serve you on the Tazewell County Board and if I can be of any assistance to you, please do not hesitate to contact me.
