

John C. Ackerman

Tazewell County Board

Continuing a Family Tradition of Community Service

December 17th, 2009

***** Press Release *****

Facebook Page

In a continual effort to improve overall communication with my constituents, I have developed a new Facebook Page, which will carry:

- A) Event Photos
- B) Some of my Columns, Press Releases, and Position Papers
- C) Some updates on upcoming events and fundraisers
- D) More personnel family photos and information

This new Facebook page can be found by looking for me on Facebook or going to the Facebook link under "Quick Links" on the Home tab of the website. This new Facebook page along with the new Blog will allow you, my constituents, another avenue to communicate your thoughts and opinions with me.

Under the current website format, I can communicate with you. The website has become a leading source of information concerning the Tazewell County Board, Tazewell County Events, an archive of my Columns and Press Releases, and much more. With this new Facebook page and the new "blog" site, you will be able to post your thoughts and comments. This will allow you the opportunity to tell me what you think about what is taking place in Tazewell County.

During my campaign for office, I discussed my goal of greater communication and availability of information. This new Facebook page, in conjunction with my website, my blog and newsletter, is just one way in which I hope to accomplish that goal. Government only works properly when the elected officials have proper information from the people and I encourage you to help me with this by providing your input. Together we can continue to strengthen and grow Tazewell County and the State of Illinois.

If you are currently on Facebook, please send me a friend request and I will add you. As always, I consider it an honor and a privilege to serve you on the Tazewell County Board and if I can be of any assistance to you, please do not hesitate to contact me.
