[Ackerman Family Grows...](#)

I wanted to take this opportunity to tell you that if you do not see my wife Maria with me at many of the upcoming events, it is not because she is not interested in attending. Just today we went to the baby doctor and confirmed that we can expect a new addition to our family around June 3rd, 2010.

Maria and I are happy to be blessed with this first chance to grow our family. While we are happy together with our two cats and of course "Teddy", we want to start growing our family further with our own children.

While you may notice a slight decrease in my community events and functions, please note that I will still be doing everything in my power to make sure I am available to discuss the current and future county needs and concerns with you. While my dedication to you as your elected representative will not change, some of the events I attend may need to be adjusted so that I can spend more time at home with my wonderful wife during this important time for her.

As always, I consider it an honor and a privilege to serve you on the Tazewell County Board and if I can be of any assistance to you, please do not hesitate to contact me.
