**\*\*\* News Update \*\*\***

**[New Tazewell County Website Now Available](#)**

I am proud to see that the new Tazewell County Website, [www.Tazewell.com](http://www.Tazewell.com), is now available. After many months of hard work on the part of Tazewell County Administrator David Jones and all of our employees that participated in this endeavor, the citizens of Tazewell County now have a more accessible, more available tool to receive information about Tazewell County Government.

This new website will now also provide a more up-to-date, accurate listing of Tazewell County Board Members as well as an avenue to communicate with them. You will be able to find a complete listing of the County Board Members as well as phone numbers and email if available. You will be able to find background information as well as contact information for all Tazewell County Elected and Appointed Officials. This instant, up-to-date, accessible anytime information provides Tazewell County citizens with more information available to them anytime they want it concerning their county government than they have ever had in the past.

As time goes on and more accessible types of mediums for communication are available, it is my hope that we will be ready to continue updating. Improved communication is a never ending and always changing goal and I hope we can more quickly make these new mediums available to the citizens of Tazewell County in the future.

As far as my website, [www.JohnCAckerman.com](http://www.JohnCAckerman.com), for now it will continue to offer some of the same information the new Tazewell County Website offers as far as the County Budget, County Board Agendas and Minuets, and other types of information. As time goes on and my website continues to develop, we may remove some of these postings and direct you to the Official Tazewell County Website, but for now this information will continue to be available to you. As announced last week, my new blog, [www.JohnCAckerman.blogspot.com](http://www.JohnCAckerman.blogspot.com), along with my Newsletter and website are available to you and will continue to offer you information concerning the Tazewell County Board and my projects, goals and activities as well as up-to-date communication tools.

As always, I consider it an honor and a privilege to serve you on the Tazewell County Board and if I can be of any assistance to you, please do not hesitate to contact me.
