***** Press Release *****

Local Marine Fundraiser

My good friends Cathy and Harry Canterbury of Tremont, owners of Adventure Sports Outdoors Magazine, have a son Billy that has recently been deployed to Afghanistan with the USMC Bravo Company. Harry wishes to gather enough local donations to send them a satellite phone so the unit can communicate with their loved ones back here. The fundraiser is a Fish Fry at the Tremont American Legion on Lake Windermere Road on the 30th of January from 4:00 - 8:00.

I want to not only pack this event with supporters, I also want to have a large amount of items for an auction with all proceeds going to this effort. When my brother was deployed to the Middle East during Operation Iraqi Freedom, the weekly calls from him to my mother really helped reassure her throughout his stay. I have attached an Event Flier and request your assistance in gathering auction items as well as your attendance.
